AMENDMENT TO H.R. 1890 OFFERED BY MR. NEAL OF MASSACHUSETTS AND MR. LARSON OF CONNECTICUT

This amendment states that a principal negotiating objective of the United States with regard to unfair currency exchange practices is to target protracted large-scale intervention in one direction in the exchange markets to gain an unfair competitive advantage in trade over other parties to a trade agreement, by establishing strong and enforceable rules against exchange rate manipulation, which are subject to the same dispute settlement and remedies as other enforceable obligations under the agreement and consistent with existing IMF and WTO principles and agreements.
