

COALITION FOR GSP  
1001 Connecticut Ave., NW, Suite 1110  
Washington, DC 20036

December 15, 2010

The Honorable Nancy Pelosi  
Speaker  
U.S. House of Representatives  
Washington, D.C. 20515

The Honorable John Boehner  
Minority Leader  
U.S. House of Representatives  
Washington, D.C. 20515

The Honorable Sander Levin  
Chairman, Committee on Ways & Means  
U.S. House of Representatives  
Washington, DC 20515

The Honorable Dave Camp  
Ranking Member, Committee on Ways & Means  
U.S. House of Representatives  
Washington, DC 20515

Dear Speaker Pelosi, Minority Leader Boehner, Chairman Levin and Ranking Member Camp:

As the December 31 deadline fast approaches for expiration of the Generalized System of Preference (GSP) program, members of the Coalition for GSP – American firms and their workers who use GSP – strongly urge you to move and approve HR 6517, the Omnibus Trade Act of 2010, which includes a renewal of GSP.

We use GSP to stay competitive in what continues to be a challenging economy, and to provide our customers, including American families, with goods at the lowest costs possible. Research we conducted found that 82,000 American jobs are at stake if GSP is permitted to expire. Attached is a letter we sent last month signed by a wide range of U.S. companies and organizations that shows the importance of GSP to a broad range of firms and organizations and their workers across the U.S. economy.

The Coalition urges the House to demonstrate its support for this important program by approving HR 6517 immediately. Time is short and the matter is urgent.

Sincerely,

Laura Baughman  
Executive Director

The Honorable Max Baucus  
Chairman  
Committee on Finance

The Honorable Dave Camp  
Ranking Member  
Committee on Ways and Means  
U.S. House of Representatives

The Honorable Charles Grassley  
Ranking Member  
Committee on Finance  
U.S. Senate  
Washington, DC 20510

Dear Chairman Levin, Chairman Baucus, Ranking Member Camp, and Ranking Member Grassley:

As you know, the deadline for the expiration of the Generalized System of Preferences (GSP) – December 31, 2010 – is rapidly approaching. As you consider the post-election Congressional agenda, we ask that you make the renewal of the GSP program a priority before the end of the year.

The GSP program supports American manufacturing by reducing costs of inputs, machinery and equipment. It also helps struggling American families make ends meet by lowering the costs of consumer goods imported duty free under GSP. Congress cannot afford to let this valuable program expire.

The GSP program enjoys strong bipartisan support in Congress. Given the continued uncertainty in the U.S. economy and the desire of Congress to pass legislation that benefits American families, workers, and companies, we urge you to make renewal of the GSP program a priority for early action.

Sincerely,
