This spreadsheet allocates Recovery Zone Economic Development Bonds and Recovery Zone Facility Bonds among counties and large municipalities for each state.

"Residual" indicates that the allocation is for the residual part of the county after excluding allocation for large municiplaities with populations of at least 100,000.

For purposes of the local suballocations among counties and large municipalities, certain county-equivalent entities (including independent cities that are not otherwise located within counties, parishes, boroughs, and similar entities) are treated as counties in the same manner that the Bureau of Labor Statistics treats such entities as county-equivalent entities in its employment data.
